

30th January 2026 Issue 4

Dear Parents and Carers,

Please see the highlights of this week in school:

- The big news this week is that we're off to the moon in February!!! We've been issued our boarding pass for Artemis II and our school name is included in the digital list of names joining the flight that will include the first woman to travel to the moon! We launch on the 6th February on the first crewed lunar mission in over 50 years! Artemis II is not scheduled to land on the Moon, but will instead lay the groundwork for a future lunar landing led by the Artemis III mission. Our school name will be stored on a physical memory device carried inside the capsule, making it a permanent record of public participation in the mission.

- Spanish Challenge week has found children greeting me with 'Buenos dias' or 'Buenas tardes' and 'Rojo, Azul, Verde or Morado' being aimed at me with deep meaning this week - the colours were fired out at me totally randomly but at least they're demonstrating their knowledge of colours!!! And what a great way to end the week with the whole school singing in Spanish - awesome!
- On Thursday and Friday, we had a visit from the HSBC Financial Literacy Department who visited each year group to teach the children about how to manage their money. The sessions were extremely interesting and very valuable in terms of educating children about the importance of budgets and savings.

- Class 1A have been exploring the Victorian era and snooping into what rich and poor people ate and, while they were thrilled to discover that rich Victorians stuffed themselves with fancy cheeses, fish and piles of meat drinking tea like it was going out of fashion, they were horrified to learn that poor people survived on barely anything at all!. To bring history to life, two Victorian breakfasts were prepared on Wednesday morning: a rich breakfast bursting with eggs, bacon, freshly baked bread, homemade jam, sausages and fresh mackerel, and a poor breakfast featuring a tiny portion of watery gruel, a suspicious milk-and-water drink and a lard sandwich on stale bread. Two pieces of paper were placed in a hat, one saying Rich Breakfast and the other Poor Breakfast, and Ms Clarke and Mrs Searle bravely volunteered to pick their fate—unfortunately Ms Clarke pulled out the Poor Breakfast while Mrs Searle was rewarded with the Rich Breakfast, proving once and for all that Victorian life was unfair and that hats cannot be trusted!

1A saw this photo and felt so sorry for Ms Clarke that they decided to make her feel better by giving her a delicious Victoria Sponge cake! That was extremely kind and very well-received by Ms Clarke who had had her fill of gruel for the year!

- And we ended the week with another coffee morning - this time we invited our School SEND Support team from the Local Authority who offer a wealth of information and advice on many issues that may affect all children (not just those with a Special Educational Need) so it was great to see so many of you there enjoying an informal chat and getting a better insight into how to deal with school avoidance or anxiety, ADHD or Social and Emotional issues. A big thank you to the School Support Team who made for a very informative coffee morning.
- And that's it for news this week - it just remains for me to wish you a lovely weekend and I leave you with this thought:

“Children learn how to orbit the world by watching how we move through it.

“Kindness, respect, and honesty—still the most reliable navigation tools.”

With kind regards and best wishes,

Mrs. Searle
